

JOINERY PACKAGING FILM

shrinkable | **weatherproof** | **UV resistant**

Our joinery packaging films are **high-quality co-extruded films made from polyethylene**. Joinery packaging films are designed to provide **weatherproof packaging** to ensure **safe transport** or **long-term storage in the open air**. No matter whether **loaded bridges, pallets** or **other containers** – due to the **variety of different sizes**, we are able to meet all requirements. Thanks to the film being manufactured by means of blow extrusion, complex contours and overhangs **can easily be packed tightly and puncture-proof**.

JOINERY PACKAGING FILM
